Introduction

Motivated professional with one year of affiliate management experience, hands-on community moderation, and live customer support. I build partnerships, keep communities organized and respectful, and resolve customer issues calmly. I also trade in funded environments, so I understand how prop firm programs work.

Case Studies

Case study 1: Affiliate Manager, Green Room (Apex Trading Community)

Situation: The community needed partners and a way to grow its reach through affiliate promotion.

What I did: Recruited and managed partnerships, promoted the prop firm server, and drove sales through affiliate referrals.

Results: Secured an average of 6 partnerships and generated an average of 10 sales per month.

Case study 2: Community Moderator, Green Room (Apex Trading Community)

Situation: The trading community needed consistent moderation and a professional environment.

What I did: Moderated discussions, supported members, facilitated communication, and kept the community organized.

Results: Helped grow the community to 1,000 members. I was among the most active members of the team.

Case study 3: Live Support Agent, Captix Funded

Situation: Customers needed fast, clear answers to their questions and concerns.

What I did: Handled live chat queries, resolved customer issues, and kept communication professional.

Results: Helped generate around $500.

Case study 4: Forex Trader, Aura Firming Prop Firm

Situation: Trading within funded account rules, which requires strict risk control.

What I did: Analyzed markets, applied trading strategies, and focused on disciplined risk management.

Results: Details available on request.
